Description: If you get up close, does it smell like you're down-wind of a herd of cows which have been grazing for weeks on a diet of rotting cabbage? Does the tooth, the whole tooth and nothing but the tooth make you feel guilty? Fear not. It's not unusual to feel this way because all parents face a daily battle to get their children to brush their teeth properly and to stop them eating too many sweets. Black-toothed Ruth Black is a story which tells of the terrible things which may happen if children fail to brush their teeth properly. Ruth is a little girl who won't heed her parents' warnings about cleaning her teeth so, instead of the Tooth Fairies, she is visited one night by the evil Tooth Devils and flown to their ivory castle. It is another spine-tingling adventure in the Monstrous Morals series of stories aimed at scaring children out of their wits - and their bad habits. As always, there's a happy ending but Black-Toothed Ruth Black has to grit her teeth and learn an important lesson first. With the usual eye-catching illustrations and ingenious rhymes, parents and children will love this brush with dark side.

Chilly Billy Winters: The Boy Who Wouldn't Wrap Up Warm Peter Barron (Author)

Description: Are you fed up with seeing hats, gloves, scarves and coats left to one side even in the depths of winter? How many times have you found yourself uttering the words: You'll catch your death of cold? Well, here's our advice you need to read Chilly Billy Winters to your little horrors to teach them a cold, hard lesson. This is the exciting story of a little boy who ignores his Mum's repeated warnings to wrap up warm. He thinks vests and woolly jumpers are for wimps but he pays the price when he's kidnapped by a scary gang of zombie snowmen who fly him to a castle guarded by polar bears on ice skates. Billy discovers that the castle is the home of the evil Jack Frost and he finds himself locked away as a prisoner in the castle's freezing cold tower. There seems no escape but, just like all the other Monstrous Morals characters Fartin Martin Sidebottom, Black-toothed Ruth Black, Nose Picking Nicholas Pickering, Messy Bessie Clutterbuck, Fidgety Bridget Wigglesworth, and Daydreaming Daisy McCloud Chilly Billy Winters somehow finds a way back home. Primary school age children, along with their parents and teachers, are taken on a magical journey which teaches them a monstrous lesson but leaves them with a warm feeling inside."

Description: When I am ready, I need you to talk to me and help me understand my feelings...'

This reassuring story helps children aged 5+ with attachment issues to understand their feelings, open up to a caring adult and learn how to choose positive behaviours. Ben is made up of lots of different 'parts' - to name a few, he has happy, caring, angry, excited, hugging and yelling parts. Ben explains how all these parts are okay, and that a caring adult can help you to understand and manage them more easily.

This book also features activities to help children talk about their feelings, and a simple introduction to attachment theory for adults.

Description: Updated for the 21st century, How to Speak Politely and Why is a picture book with a point: proper speech and good grammar without nagging. It aims to remove "ain't" and "uh-huh" and "gimme" and "got" and a score of unfortunate nuances by a simple, sure painless and humorous process. In his signature style of amusing stick figure drawings and captions, Leaf makes clear such things as the difference between can and may, and the reason why one does not say "he done it" or "she come."

Exasperated parents (and grandparents) faced with the unpleasant task of dealing with grammatical lapses acquired by their children from (gasp!) their neighbor's children will be delighted (and relieved) by this veritable "grammar without tears." Teachers will find it an indispensable ally, and even the culprits themselves--the children--will discover that learning to speak politely and correctly isn't such a chore after all.

Description: "My name is Book and I'll tell you the story of my life." Non fiction like you've never read it before!

Quirky and humorous, part poetry, part reflection, this is the story of the book told by none other than Book himself! This extraordinary character begins by reminding us of his origins in oral story and clay tablets, then ponders on papyrus, parchment and paper, and on being a scroll who finally gets a spine. We see him lovingly illuminated by monks in medieval monasteries, then witness the massive changes brought about by the invention of the printing press, and the coming of paperbacks and e-books in the 20th century. But Book's not a straightforwardly chronological chap; he can't help musing - and his musings, whether they're on the evolution of the alphabet, libraries, book-burning or blurbs, are delightful and thought-provoking. Years of reflection and observation have gone into this charming title - John Agard signed the contract with Walker 16 years ago!

Description: Mouse is back in this ninth picture book in the beloved #1 New York Times bestselling If You Give... series!

If you give a mouse a brownie, he's going to ask for some ice cream to go with it. When you give him the ice cream, he'll probably ask you for a spoon. He'll start drumming on the table. Drumming will get him so excited he'll want to start a band. . . .

Mouse makes his long-anticipated return to the spotlight in this winning picture book from the acclaimed team of Laura Numeroff and Felicia Bond.

Fans of If You Give a Mouse a Cookie won't want to miss this!

Description: As a young boy, Charles Darwin hated school and was often scolded for conducting "useless" experiments. Yet his passion for the natural world was so strong that he suffered through terrible seasickness during his five-year voyage aboard The Beagle. Darwin collected new creatures from the coasts of Africa, South America, and the Galapagos Islands, and expanded his groundbreaking ideas that would change people's understanding of the natural world. About 100 illustrations and a clear, exciting text will make Darwin and his theory of evolution an exciting discovery for every young reader.

Description: A shy twenty-year-old girl stepped out of a horse drawn coach and into the world spotlight, capturing the imagination of millions as a real life fairytale princess. Although the storybook marriage didn't have a happy ending, Diana learned to use her fame as a way to champion charitable causes near to her heart. She became the People's Princess by humanising the image of the royal family and showing care and concern for all people, including the homeless, the sick, and others in need. Series Overview: The New York Times Best-Selling series of illustrated biographies for young readers includes artists, athletes, scientists, and world leaders.

Description: Her reign of 63 years and seven months is known as the Victorian Era, a period of industrial, cultural, scientific, and political change that was marked by a great expansion of the British Empire. But Victoria was raised under close supervision and near isolation until she became Queen of the United Kingdom at the young age of 18. She married her first cousin, Albert, and had nine children who married into families across Europe. By the time she had earned the nickname "The Grandmother of Europe" and the title "Empress of India" it was indeed true that the sun never set on the British Empire.

Description: The Galapagos Islands are a chain of volcanic islands located on either side of the equator in the Pacific Ocean. The isolated location of the islands has allowed a vast number of species to develop that are original to each island, such as the blue-footed booby, the marine iguana, and of course, the giant Galapagos tortoise, which may live to be over one hundred years old. Studied by Charles Darwin during his historic voyage on the HMS Beagle, the island life contributed to his groundbreaking theory of evolution. Today the islands area popular tourist destination and a UNESCO World Heritage site.

Description: The Great Pyramids of Egypt - all kids over the age of five recognise them instantly. These massive tombs were built thousands of years ago, and still no one knows exactly how the ancient Egyptians did it! In this informative account, Dorothy and Thomas Hoobler tell the story of the powerful pharaohs who commissioned the pyramids at Giza and offer a fascinating look at the culture of the afterlife in ancient Egypt, explaining exactly how mummies were made. Easy to read and scrupulously researched, this explores the mysteries that have attracted countless visitors to the pyramids for centuries.

Description: Antarctica, the earth's southernmost continent, was virtually untouched by humans until the nineteenth century. Many famous explorers journeyed (and often died) there in the hope of discovering a land that always seemed out of reach. This book introduces readers to this desert - yes, desert! - continent that holds about 90 percent of the world's ice; showcases some of the 200 species that call Antarctica home, including the emperor penguin; and discusses environmental dangers to the continent, underscoring how what happens to Antarctica affects the entire world.

Description: Discover the history and culture of one of the most famous waterways in the world: the mighty Mississippi!

The most famous river in America runs like a spine between the eastern and western parts of the country, flowing through ten states before it empties into the Gulf of Mexico. The mighty Miss also flows through the history of America, giving rise to great stories about the people who lived on it and used it as a watery highway, from Native Americans and European explorers to skillful riverboat captains and colorful gamblers traveling on luxurious steamboats. And of course it was the first truly American writer, Mark Twain, who grew up along its banks and made the Mississippi River famous around the world. This book, part of the New York Times best-selling series, is enhanced by eighty illustrations and a detachable fold-out map complete with four photographs on the back.

Description: The Taj may look like a palace but it's actually a tomb and a lasting testament to one of the world's great love stories. In 1612, Mogul emperor Shah Jahan married Mumtaz Mahal. It had been love at first sight and for nineteen years they were so inseparable that Mumtaz even accompanied Shah Jahan to battlefields. When she died suddenly giving birth to their fourteenth child, the emperor set about building a magnificent memorial to his wife. Everything about the Taj was perfectly planned, from the white marble walls that shimmer in the sunlight and sparkle by moonlight to the countless decorative flowers made from precious gems that still astound visitors today. Recent discoveries at the site make this a timely account of a timeless monument.

Description: In 1964, when Walt Disney and his brother Roy decided to build a second theme park in the Florida swamplands, they kept it super hush-hush. Why? Well, if word got out that they planned to buy up lots of land, the price would have skyrocketed. So the Disneys cleverly covered up their trail, avoiding the Orlando airport and even using made-up names, like Walt and Roy Davis, for their flights. The deception worked. In covering the history of the "Most Magical Place On Earth," Joan Holub takes readers both behind the scenes and underneath the park (there are secret employee-only tunnels that form one big circle under the Magic Kingdom). Loaded with fun facts, this book is a great companion to Who Was Walt Disney?

Description: The Age of Dinosaurs began about 250 million years ago. In the beginning they were quite small but over time they evolved into the varied and fascinating creatures that captivate our imaginations today. What we know about dinosaurs is evolving, too! We've learned that some dinosaurs were good parents, that dinosaurs could grow new teeth when old ones fell out and that most dinosaurs walked on two legs. We've even discovered that birds are modern relatives of dinosaurs!

Description: Empire builders, legendary leaders, revolutionary rebels, powerful pioneers, and more, discover more than 100 wonder women who prove that girls totally rule.

They're queens wielding scepters and sitting on thrones, they're revolutionaries on the front lines of change, they're presidents and prime ministers leading their nation, or they're CEOs, scientists, sports legends, and artists who have risen to the top of their fields. Welcome to The Book of Queens, where being a mighty monarch doesn't just mean wearing a crown. Leaders like these come from all over the globe and have different talents. But most of all? They rule!

Are you ready to be inspired by the most powerful women in history? Some wielded their might for good while others let their power go to their heads. Yet all were powerful people who changed the course of history. From Elizabeth I to Cleopatra to Beyonce, every single regal ruler in this book showcases the kind of guts, smarts, and strength it takes to lead. And while there are some wonder women who you might recognize, others may leave you wondering why so many brave, smart, and hardworking ladies have gone unnoticed ... until now. Whether real-life royals or average Janes who rose to rule, get ready to get inspired by their stories.

Description: There is everyday magic in the tales of London. Some stories are swirling in the waters of the Thames; some are hidden in the old stones that lie beneath our modern pavements.

In London Folk Tales for Children Anne and Sef have gathered stories from the words and memories of Londoners past and present. They tell of the mighty river, the streets, and the hills of London. You'll find stories of babies that turn into flowers, of tower ravens and a two-headed bird, and a child who has to travel across the world all alone. You'll also meet the people of this welcoming city: ever since the Romans, people have come here from all over the world to become Londoners. They've brought delicious foods, new music and hundreds of languages, but, most of all, great stories - London stories.

Description: How did a spider change the course of history? What would a body in the chimney want with a lonely old woman? And what terrible deed could make a Celtic warrior cry?

North of Ireland Folk Tales for Children is full of mermaids and pishogues, haunted dolmens and plenty of ghosts, rude Celts and bloodthirsty warriors. This collection of weird, wonderful and irreverently told tales from award-winning storyteller Doreen McBride is not for the faint of heart - and certainly not appropriate for adults.

Description: We have been fascinated by riddles for as long as we have had language - think of the legend of the sphinx in Greek mythology.

This wonderful book includes both magical riddle tales and simple challenges, with clues and answers hidden in intricate illustrations. Discover how the farmer saved his daughter by solving the fairies' riddles or how the old hen-wife helped the two brothers solve the mystery of their father's will. Have a read - you'll be hooked.

Description: Charlie Joe Jackson may be the most reluctant reader ever born. And so far, he's managed to get through life without ever reading an entire book from cover to cover. But now that he's in middle school, avoiding reading isn't as easy as it used to be. And when his friend Timmy McGibney decides that he's tired of covering for him, Charlie Joe finds himself resorting to desperate measures to keep his perfect record intact.

Charlie Joe Jackson's Guide to Not Reading by Tommy Greenwald is the hilarious story of an avid non-reader and the extreme lengths to which he'll go to get out of reading a book.

Description: Look out for make-ups, break-ups, and hilarious romance tips in this illustrated middle-grade novel, as Charlie Joe figures out this crazy little thing called love.

There's a crisis at Eastport Middle School! It appears that everyone has a boyfriend or girlfriend except . . . Charlie Joe Jackson!? Yup--he's the only single guy out of all his friends. How is this possible? Even Pete Milano snagged a girl! Well, Charlie Joe refuses to be left out. He quickly goes looking for help in the last place anyone would think to find him--the library. And what he finds is the gem of all gems, the guidebook of all guidebooks, the key to finally getting a girl! Now, everyone is suddenly coming to him for love advice. (Oh, how the tables have turned.) But Charlie Joe's world is swiftly turned upside down when he realizes the girl he actually likes... might not actually be the girl he likes.

The fifth book in the acclaimed Charlie Joe Jackson series, Charlie Joe Jackson's Guide to Planet Girl by Tommy Greenwald, returns to give young readers a hilarious and engaging story about trouble, failure, and awkward middle school romance.

Description: Bestselling author Jamie Kelly is back with an all-new, all-funny diary! But she has no idea that anybody is reading it. So please, please, please don't tell her. Dear Dumb Diary,

So now I'm friends with Angeline. This is automatic friendship, and I have to just accept it and make the best of things.

See, if I objected, then Aunt Carol might divorce Angeline's uncle, sending both of them tumbling into a deep pit of depression for the rest of their lives, and Angeline could wind up feeling so guilty that she would have to go be locked up in an old dirty insane asylum for years and years, and Stinker's puppies could grow up not knowing both their parents --- and I couldn't live with myself for doing something like that to a puppy.

Description: Bestselling author Jamie Kelly is back with an all-new, all-funny diary! But she has no idea that anybody is reading it. So please, please, please don't tell her. School's out for the summer, and that means no more Meat Loaf Thursdays, Sunday homework-cramming, or teachers (way way unsuccessfully) trying to act cool. It also means that certain Mackerel Middle Schoolers have a lot of time on their hands . . . and seriously empty pockets.

Isabella is going to change all that. And Jamie and Angeline are going to help --- whether they like it or not. It's the best kind of teamwork: When a whole bunch of people work together to do something wrong, instead of doing it wrong one at a time.
